

⚠ ADULT SUPERVISION is recommended at all times during the assembly and use of the product.

Please use this product for only the manner in which it is intended. Carefully read all warnings pertaining to the use of this product.

Use **your** brand product only with other **your** brand merchandise. Never try to connect your Launch Ramps, Table Top Connectors or Grind Rails to any other products.

⚠ WARNING

This product is for use by riders with advanced skill levels. As with all action sports, participants accept an inherent risk of injury. Improper use of this product can result in serious injury.

⚠ WARNING

This product is for use with BMX Bikes, Skateboards and In-Line Skates only.

Assemble the Bridge to the Ramps:

1. Place the bridge on top of the ramp so that the screws and plastic support of the bridge are seated in the corresponding holes in the ramp. Turn over and secure using two of the included wingnuts. Tighten securely.
2. Repeat with procedure #1 with the second ramp.
3. Never use with the bridge not securely attached.
4. Never use with one ramp and the bridge.
5. The ramps may be used individually, without the bridge attached.
