Assemble the Bridge to the Ramps: Mini 4-way 42440

1. Place the bridge on top of the ramp so that the screws and plastic support of the bridge are seated in the corresponding holes in the ramp. Turn over and secure using two of the included wingnuts. Tighten securely.
2. Repeat with procedure #1 with the three other ramps
3. Never use with the bridge not securely attached.
4. Never use with one ramp and the bridge.
5. The ramps maybe used individually, without the bridge attached
